Local Second Prize for the Best
Project

Teguayco Gutiérrez González

Software Engineer
Llano del Moro, Canarias, España

Extracto

Junior engineer growing in a Microsoft ecosystem with short
experience and huge interest in web scraping and software
development. I also consider myself a data "enthusiast" who enjoys
learning about matters such as database management, data
visualization and machine learning. However, there is still one thing
that I love the most: building my own personal projects.

Experiencia

Prodanet
Software Engineer
enero de 2019 - Present (1 año 4 meses)
Santa Cruz De Tenerife, Spain

Tisalabs
Python Developer
julio de 2018 - agosto de 2018 (2 meses)
